Definition for the Single Winner Bonus – Pick 9

“Single winner” means the holder of the only ticket selecting the only winning combination as required by the specific wager. In the case of a dead-heat for any of the finishing positions as required for the specific wager in which therefore two or more winning combinations are declared, “single winner” means the holder of the only ticket selecting a winning combination.

- 80% of net sales will be paid out if there is more than one winning ticket. The remaining 20% will be carried over as part of the single winner bonus jackpot. This 20% will be paid only when there is one ticket selecting the first place finishers for such single winner bonus pool.**

- The table below is an EXAMPLE of how the single winner bonus pools shall be calculated.**
